WHAT IS TERRACYCLE?

- TerraCycle is a social enterprise Eliminating the Idea of Waste.
 - In 21 countries
- They have found that nearly everything we touch can be recycled and collect typically non-recyclable items through national, first-of-their-kind recycling platforms.
- ★ Leading companies work with them to take hard-to-recycle materials such as ocean plastic and turn them into new products.
 - They have diverted millions of pounds of valuable resources from landfills all over the world.

DIFFERENT TERRACycle PROGRAMS

- Free Recycling Programs
 - Many of the programs are completely free, but creating a TerraCycle account is required to take full advantage of these programs.
 - The free recycling programs are funded by brands, manufacturers, and retailers
- Zero Waste Boxes

BIC STATIONARY RECYCLING PROGRAM

Another free Program.

Join program on Terracycle page and print out shipping label.

Can take all brands of empty writing instruments, glue sticks, watercolor dispensers, paint sets, and flexible packaging must be at least 3 pounds to ship.

The Paramount Heights Neighborhood has had this box at several events

TERRACYCLE POINTS PROGRAM

Earn points for recycling your waste, then redeem your points in the form of charitable donations. Plus contests and promotions.

For each shipment you send in through the free recycling programs or with purchased zero waste boxes, you have the opportunity to earn points that you can redeem for a donation to an organization of your choice.

TerraCycle has partnered with various non-profit organizations so that your recycling efforts not only help the environment, but also contribute to a wide variety of causes. Whether you want to protect national parks, provide water to someone in need, or offer free music classes to children, your efforts can truly make a difference.

CIGARETTE WASTE RECYCLING PROGRAM

Every year, billions of cigarette butts end up in dumpsters and landfills, or get tossed as litter on shorelines, parks, and sidewalks across the US. With funding from Santa Fe Natural Tobacco Company, the waste collected through this program is recycled into a variety of industrial products, such as plastic pallets, and any remaining tobacco is recycled as compost.
